# Launch Event at Bradford Cathedral

October 24th, 7 pm

**'You need to talk about God'** is a series of five short films created by Tom Harmer and Robin Gamble.

- Why is God so important?
- What about God and Science
- Why does God allow suffering?
- Where does Jesus fit in?
- Why don't I get started?

The launch event will be a great night full of questions, discussion, music – and a first peak at some of the films, which will then be released as a free resource for anyone to use.

We hope you can make it.
